April 3. Mr Thos Edwards at Llanelian in Denbys. in Answer to his of March, that the Welch Bibles are all disposed of, & that the Society are going forward with another Edition

Dr Pardoe at Oxford 17 April. I would have acknowledg'd your favour of 27th March 1000 Welch Bibles sooner but for the difficulty of declaring a proper Answer, which after all, I cannot give till I have had y[e] directions of the Society at their next Meeting.

The Case is this. At the time you applied for the 30 Welch Bibles, (w[ch] was in June last) there was an Embargo laid upon y[e] Impression by my Order. Mr Lane our Clerk inform'd you of. Afterwards when the Bibles came to be circulated again, Mr Watts my Brother Secry (who has this Branch under his Care) gave you Notice thereof by Letter, & desir'd you to stop a bout sending away the Number you Order'd. But hearing nothing from you, and our Members in Wales pressing hard every Post for a further supply, the Bibles allotted you were sent to the Gentl[n] by their Importunity. And now we have no more than 1888 Copies left, which by a late Order are not to be dispos'd of but under the Directions of the Society to whom therefore your request must be referred. Mr Lane has not the 10 and paid your Subscription & a small Bill for Books out of it. The Receipts shall be enclos'd under a Stamp in my next.

Revd Sir

I acknowledge the Receipt of two Letters from you (more I dont remember) One dated 12 March the other 5th May: and Ask your Pardon for not Answering them sooner, tho this delay I give me leave to Assure you was not owing to an Indifferency to the Business you wrote to me about, much less to any disrespect towards yourself but to my not being thereby acquainted how my Matters stood with the Society.

Mr Walley my Brother Steward, transacts the Affairs of the Welch Bibles by whom Jasmin paid that the 3l 1s 1½ wch you remitted by Mr Jasmer has been paid into his hands. I have caus'd your whole Account to be drawn out for your Inspection by wch you'll perceive that there will be a small Ballance of 8 due to the Society after 12l 3s 8 wch Mr Wood is to bring, comes to hand. This difference arises from your having deducted for the Carriage of the 2 parcels of English Books, wch I apprehend is always born by the Members, & never charg'd to the Society's

Leighs Account. But you need not give yourself the Trouble to make so small a remittance, till you make any future payment for Books you may want some other time hence. You may depend upon hearing from me again, as soon as Mr Wood has paid me ye Sum you have entrusted him with, & believe me to be in every respect good Office within my Power

The 2 Guineas & a half you formerly paid remitted having been carried to the Account of Welch Bibles instead of the Acct for English Books, and the remainder arises from your having deducted the Carriage of English Books which strictly does not allow

There was a Meeting of the Society last Tuesday, when I fully expected their Orders for sending you some Welch Bibles: But our Bookseller, who is collating the Welch Bibles out of the last Impression, being call'd up, could not tell what Number of Copies he should be able to make out, and therefore the Society could come to no determination. However They charge me with their respectful Compliments to your Principal, and Order me to assure him, They have it much at heart, to Oblige him as far as They can, in this matter, and that you shall have a final Answer after their next Meeting, which will be 12 June.

I am order'd by the Society for Promoting Christian Knowledge, to desire you to transmit to them as soon as may be a particular Account of the Number of Welch Bibles, New Testaments & Common Prayer Books you shall want for y Circulating Charity Schools under your Care, mentioning the several Parishes, distinguishing each Diocese wherein such Schools are kept. The reason and intent of y foregoing Order is this, the Society have already had very numerous and pressing Applications for a larger share of the present Impression of Bibles &c. than they are afraid they shall be able to grant, and therefore reflecting upon this extraordinary craving after y good word of God, and being exceedingly desirous to make it y intended Blessing as extensive as possible, so that every Welch Thirsty might taste of this Fountain of living Waters, they have come to a resolution to distribute y Bibles &c. in such proportion as the largeness of each Diocese & respective wants of each shall in Equity deserve, wherefore as your Schools are now by the blessing

Blessing of God spread over the whole Principality of Wales, the Society would gladly see a Number of Books you write for on this Account ranged under y respective Dioceses to which at present they belong: That they may be better able to adjust y Portion when y whole request of every Diocese comes to be laid before them. I have nothing more to add, but to intimate that where a New Testament will serve y Necessities of your Scholars, as well as a Bible, it will please the Society best that you should ask for a Number of the former rather than of latter, because of Bibles are sought after by so much easier Purses.
